John Wilson	<i>Retired, Cultural Resources Team Leader</i> , U.S. Fish and Wildlife Service, National Wildlife Refuge System, Northeast Regional Office

Partners Involved in Refuge Planning

Refuge programs received a great deal of support and input from outside the Service during our planning process. Many of these partners help us with biological surveys, enhancing public use and refuge programs, restoring habitat, law enforcement, and protecting land. Our partnerships will continue to expand under the increasing interest in conserving refuge resources. During the development of the CCP, the following organizations provided input:

- Trust for Public Land.
- National Wildlife Refuge Association.
- Connecticut Department of Energy and Environmental Protection, Wildlife Division.
- Massachusetts Division of Fisheries and Wildlife.
- New Hampshire Fish and Game Department.
- Vermont Fish and Wildlife Department.
- Steve Funderburk, GAP Solutions, Inc.
- U.S. Geological Survey, Policy Analysis and Science Assistance, Fort Collins Science Center.
